B 229 Rept No 38 Shrotriyem Palayamvir Mathuramtakam Talley

B3

When the Villages were granted by Govt in 1805,
1820, the annual assessment of the 4 villages was at Rs 3457, that
was again reduced to 3000 Rs. the difference being deducted on account of the expenses of
management.— The Sabe is willing to enfranchise, but wishes that the Quit-rent may be
calculated on 3000 Rs, as the Govt promised to give the villages to the family on that sum
after three leases were over. In the order of Govt dated 5th Feby 1820 it is certainly stated
that after 3 leases, the villages can be sold by the parties on full rent.— Consequently, the Sabe
has no claim to demand the calculation of quit rent on 3000 Rs value.

The Sabe submits a statement showing the average collections & collections of
each Village for the last 10 years as shown in the annexed sheet.— The average collection,
account of the leases annually collected amounts to Rs 3834, to which he adds
Rs 1119 on account of waste lands brought under cultivation.— Total Rs 4953.— To this
he proposes to deduct 620 Rs on account of Sibbandi & Meerasdar charges, and proposes
fix Rs 4333 as the net-assets of the 4 Villages.— But the Sabe asserts that the waste lands
brought under cultivation were collected near about the last 20 years, & that
the Govt have a right to the increase.— The waste is cultivated, but the Rev of
the Villages has been steadily increasing within the last 10 years, I consider that the charge for
waste is rather high.— I would, therefore recommend to fix the net value
of the Villages at 4000 Rs.— Canty Rs 2500 melung for 1 year.
