Fazilabi and Hussainbee the daughters of Sarwasha the holder of a half share of this Inam claim to be recognized as his heirs to the Inam - Sarwasha died 10 or 15 years ago - As the family was living in one house, distinct enjoyment on the part of the claimants cannot be proved. In the enquiry before the Inam [illegible] Jammansha claimed a third of the deceased's share which was the share of his second wife who is said to have transferred it to Jammansha and an agreement was finally entered into by which the two claimants are to have 2/3 shares of the deceased Sarwasha's half share or 1/3 of the whole Inam, and Jammansha whose own share is [illegible] is to have the remaining 2/3rd. ×

~~[illegible]~~ objections to carry out [illegible] the above agreement - But as the rights of the claimants are clearly proved and have been admitted by Jammansha I think there is no objection to the agreement between of the parties.
