(1) This Inam as all other Inams of the class is hereditary. The original founder of the Village was a Brahmin who as a matter of private necessity sold the Village to others with the Inam & not because it was any way connected with marriage. There is a separate her Inam for which as true Grama Inam I have recommended a T. C. To be Confirmed in one T. C. - L.P. at 1/8 to (12) Compulsory
