In September 1876 the Inam Deputy Collector passed the following order.

"This institution is not kept up. The land is lying waste from 1290 fasli To be resumed and charged with full assessment."

This order was not communicated either to this office, or to the Taluq Tahsildar, however, reports that the water pandal has been regularly kept up during hot seasons, and that the charity never ceased to exist as observed by the Inam Deputy Collector. He therefore recommends that this Inam should be resumed.

2. Under those circumstances, I am of opinion that this Inam might be confirmed in the name of the water pandal and a title deed issued in the name of the manager for the time being.

(Sd) G.T. McCarthy
Ag Sub Collector.
