(3) The inams brought under settlement are not entered in the English or Tamil Tarapady — but they were given by the Board in 1795 & (4) — as his Cowle for 1796 to 1798 shews — No Rowdri Cowle from Huzur Record is forthcoming — The Inams in question are however entered in Carnum's Copy of the Cowle — There is no ground for doubting the validity of the Inams —

See Deputy Collector S. Krishna Rau's letter dated 17th May 69 No 67. An error has clearly occurred here. There can be no doubt that the Grama Inams & village doctor's Inam are prior to the Shotriem grant. They are therefore not only ancient but pre-existant Inams. Both must be confirmed in the terms of the Grant and Title Deed issued.
