This & two other villages Arkadu & Araiur were granted as a compensation for the assumed privileges of the office of Kalnimar abolished by Govt. There is but one English Parwana for all the 3 villages, & the Jodi is fixed on the gross at Pags 79 [illegible]. The villagewar details as regards the gross area or Kandamoodal & the Jodi, are shewn in the Reg. of Fasly 1224. The Porumboke lands are not fit for cult. There is yet an extensive tract of "Anadi" under dry a unirrigated waste "still to be reclaimed. The area classed as "dry" "Paimash" ~~during~~ at the date of the Paimash has barely been cultd. even at least to a moiety— the average cultn. during the 10 years for which the average was struck being only 17 out of 47 Cawnies— A small extent has been undertaken is calculated as fit for eventual culture— under the head of wet, the aggregate extent inclusive of prospective cultivation is a little more ~~that~~ than the Paimash Paimash—

The validity of the grant is ~~[illegible]~~ established & the title of the present incumbents established. The name of No. (2) ~~[illegible]~~ was regd. by the Collector on the 16th [illegible] 1827— to his confirmation is due
