The Villagers and the Kurnum state on enquiry that the original Ingondas Kuriva raja died 60 years ago, that he, while alive, gifted this to Devamiswara swamy Pagodas and that its proceeds have ever since been used for the said Devamiswara. The Gurnukul of the Pagoda says that the documents in support of the above statement were lost. No heir of the original Inamdar presented themselves before me, nor are there any according to the statement of the Villagers. In the Vernacular Register of the former Inam Dy. Collector Rama Chandra Rao, the said Rao was included in the Minor Inams, and deducted from the Shrothram Ay. But his father have been performing for the last 30 years, took possession of the Inam, cultivated the lands due to the Pagoda. The present Gurnukul and the present Kuriva Raja, and myself, to the

The claim in question is not recognized
grant from Government present or former.
It forms a part of the area assigned to
Gramma Pattam, but the recent enquiries
show that it has been cultivated and
enjoyed free of rent for upwards of 50
years. It was placed under attachment
in January 1870 in consequence of the claim
not appearing before the claim

much of his claim. On the 11th February 1871, or a few days after the expiry of the
notice time, the brother of the individual, entered in Col. 16, filed a statement of
his claim. Considering that the land has been enjoyed by the family of the
present incumbents for more than 50 years, I would suggest that a Fittle Beed
be issued in the name of Koonien in Col. 16. Subject to one-eighth quit-rent viz.
Rs - 4-0. The mesne profits amounting to Rs 1-2-4, will be credited to Govern-
ment if not ordered to the contrary.
