This Inam was placed under attachment in December 1889 in consequence of the Inamdar not appearing before the Collector for the settlement of the Inam. The reason assigned by him for the delay was that he was absent in other districts, that he had no notice whatever of any Inam enquiry being in progress in this District and that as soon as he came to know that the Inam was placed under attachment he gave a statement of his claim. The Tahsildar being of opinion that the reason assigned for the delay was bona fide, enquired into the case and submitted to me for disposal. As the Inamdar has exceeded the time allowed by the attachment notice only by a month & 16 days, I am of opinion that his case may be favorably considered & disposed of under Inam rules.
