To be confirmed to the present
holder and his successors so long
as the services of Kapi is rendered
regularly.

The Inam in question was placed under attachment in December 1879 (Fashi 1279) on account of default on the part of the Capi Kapi of Aladur. ^(Mahomed) Mahomed Fakhreddin Alidham Mahomed
Alidham & others for Inam survey. This man died in 1868 and the present claimant is his successor by will and probate of the High Court of Madras. The Collector states that he is not aware why the late Kapi failed to appear
before the Dy Collector. From enquiries made it appears that the claimant now performs the duties of Kapi and that with the exception of the village of Coomandley which was recently resumed by Government and in
lieu of which pensionary allowance was granted, all the other landed endowments of the Capi of Aladur are in his enjoyment. As the present Capi is not responsible for the neglect of his predecessor, I am of opinion that
the Inam may be settled under the rules and a title deed issued for the same. The income profits derived from the Inam from Fashi 1279 to Fashi 1336 amount to Rs 70-3-7 the whole of which is held in deposit. The Capi
requests that the same may be paid to him but I do not support his prayer.

Chief District Officer
Hydrabad, 16th November 1879

Acting Collector.

Confirmed as recommended
orders will be issued on income profits
on an application from the party
