x This Incan appears to have been granted originally to the Village Community for harvest boundaries.

The League was originally personal
 having been given for defining own
boundaries -
 The Wild League
Community as is
 usual, held the League
shares 10 years ago
 & transferred to the League
 in 1916.

The Villagers and the hun-
-num state that they (the
villagers) transferred this
the Amonan Pagoda into the
16th Column about 10 years
ago and that the proceeds of
the transaction have been
appropriated to the Pa-
go for Puyeh Kyadriam &c.
