date 11-1-12  
p- 371

It appears that the main  
dam of village of balloon used a  
Crackstone (dam) about 150 years  
ago for the purpose of harnessing the  
forces of the river and flowing them  
for the plant & baluwa trees on the top and  
on the sides of the dam and now appropriating

The use of the trees for the lighting of the Palatine  
- was a common practice and that this was being done till  
1884. Subsequently when some of the palmyra trees were cut  
- a complaint was received that the land was becoming

ment for amblyopia. In giving it as then made, and a relief submitted to

Collected throughout the Collection, recorded this matter to the Board of Revenue with a list of 40 volumes to three times

Proceedings dated 18 February 1890 to 1910. With reference to these two  
as Table dated 8 March 1890, to 92 was removed from the library  
and placed in the West end of the

a. Tabid dated 8<sup>th</sup> March 1880, No 42 was  
our General Order to the effect that the balance, less should be credited to the  
that a income derived therefrom should be credited to Government that the  
Commissioner within one

should bring forward their case for disposal by the same Commission, but that in the event that they failed to do so, the proceeds of the trees should be permanently credited to the same.

That if they failed to do so, the proceeds of the trees should be  
 made. Upon this, the said hollagors gave a ballot to our Sub-Commissioners who presented a  
 Commission ordering an enquiry into the matter.

ment. Upon this the said villagers gave a statement to the Quam Commissioner. On the same Commissioner ordering an inquiry into the matter, the same was done. From these statements the income from the

to the Quam Commission. On the Quam Commission making  
villagers, Cynam and others were examined and it appears from their statements that the income from the  
trees in question has for a long time past been devoted to lighting the pagoda alluded to above. The  
which they grow is for umbels. The trees appear to have been planted by the Nios and the in  
long standing.
