Bearing on the subject of the Inam is that which passed between the Collector Mr. Stone, the Inam Commissioner and the Board.

The Inam in this case was granted by Venkatanarainappen who appears to be the original grantee of the Shottiem Village according to the Summonjeed given him by British Government to one Venkatanarayana Buttee, the Grand Father of the present Claimant (the individual entered in Column 16); but the exact date of the grant is not known to the deed given by the Shrotriadar is said to have been destroyed by fire; judging however from the fact that Venkatanarainappen died in 1806 the Inam even if it was granted to him in 1805 is now more than 50 years old. After the death of Venkatanarayana Buttee the Inam is said to have descended to the father of the present Claimant Ramasawmy Buttee on whose death it was enjoyed by the present Claimant's uncle Ramalakshmi who died about 14 Years ago and since then the present Claimant Venkatanarasimma Buttee's Cutch, he has had possession of the Inam under the Orders of Mr. Cockburn's order. As regards the worthiness of Narasimmaswamy for which purpose the Inam is said to have been originally granted it appears that subsequent to the possession of the Shrotriadar until the death of the last incumbent Narasimmaswamy when the idol was removed to the present Claimant's house at Karungambakam Thondaiman in the Triplicane Taluq where he continues to worship the idol.

Thus the Inam has been more than 50 Years old I beg to recommend it being confirmed in the name of the present claim and Pattayan hereby as freehold subject to one half assessment under Inam Rules XVI & XVII.

As this is no clear proof of 50 years possession, the Inam is confirmed on 1/4th assessment Quit rent Rs 2 : 11 : 12

The Inam in question was never reported to Govt. The only Correspondence has arisen on the Subject is that noted in the margin. The grant in this case is said to have been made by a former Shrotriemdar to one Ramakistna-na Buttoo, but the date of the grant is not known nor either is the demand for the same. The enquiry instituted by the Tahsildar has never been answered and the Inam land has been entered as such in the Shrotriadars account for years past but for the first time in the Govt. Rent-roll account of 1840. The evidence of the Villagers that were examined shews that Moonisami Buttoo and Ramasawmy Buttoo & their forefathers have had possession of the Inam ever since their Childhood. If the statement of the Villagers & the entries in the Shrotriadar's accounts are to be assumed as correct the Inam is certainly more than 50 years old. If on the other hand the entry in the Govt. rent-roll account of 1840 which was prepared under the orders of the Collector is to be taken as the date for determining the age of the Inam it is only 28 years old. It is therefore left to the Inam Commissioners to dispose of the case as they may deem proper.	Vide Govt Proc 20 Jan 1866, 17 Jany 1866, 3416-16 May 1866, 6915-26 Sept.
