The Sustainer is
not in existence. The
land is ~~not~~ called and
all of the proceeds of
it are held under
rent. The series has

John Bull
and Co

around the person from
that time. It appears from a
remark in the Tampabay Post that at
that date the service was not stopped.
Later, however, the service seems to have
been revived. But this conjecture from I go.
To be resumed & charged with full effect.
Past year's collections have exceeded 5 parts
