This is a backyard Inam originally intended for Pani, laborers working under the Meirasdars but enjoyed in shares by their Community without any shade of right claimed by the working Inam.

I consider such Inams as granted for the encouragement of Cultivation like the Pangumali & Pattumali Inams of Trichinopoly & I would apply a 1/4 assessment to them generally.

The Tahsildar has elsewhere recommended the same rate tho' he recommends 1/8 for this Inam.

Confd on 1/4 assessment Rs 11—
