Read the following letter from the 2^d Member in charge of the
 Indian Department to the Secy, Secretary of Government, Revenue
 Department, Fort St. George, dated Madras, 6 May 1877, No. 10.

The East Coast Canal has been dug through the Shrotrian Village of
 Shrivaniyur in the Taluk of Gopalakrishna of the Chingleput District under

2. The total area of the Village, including Brambake, is acres 1214-78, as fixed
 at Survey 774, and paying a price of Rs 105-7-2 annually to Government.
 The land occupied by the canal is acres 67-39, on which the proportionate apportionment

is Rs 105-7-2. The land has been so occupied by the Canal works since 1866.
 Since then for the land, more revenue of a permanent nature has been made. It is necessary

3. The Collector recommends that the apportionment of the land
 so occupied be revised and deducted from the permanent price to be

paid in future, and as this is equitable, I propose to do so.
 4. But refund of the proportionate apportionment so fixed is

naturally claimed, and the amount of apportionment so due since 1866,
 and now to be refunded is Rs 1581-11-6.

5. I have the honor to request that this arrangement and refund may be
 sanctioned.

6. The transcripts of Correspondence that has passed between me
 and the Collector of Chingleput on the subject are herewith
 submitted as per margin.

Or Secy, Secy, 25 May 1877, No. 925.

The revision of the price and the refund of
 Rs 1581-11-6 are sanctioned as recommended.

The extent of land taken up for the Canal

Shaikal or cultivable land 12-14-10 Rs 41-2-3
 Waste or immemorial waste 19-9-55-12-1
 Brambake 3-4-2 8-8-10
 Brambake or waste being a part of 2-40-
 Total 35-14-6 = 105-7-2

The extent of land appropriate to the Canal
 for the Canal
 in the Taluk of Gopalakrishna and the difference between the two statements is owing

As the Shrotrian is indebted to a redemption
 of Rs 1581-11-6 on the total area of land taken up for the Canal I propose to allow him on the Shaikal
 or cultivable land or on all areas of benger or immemorial waste the full apportionment

As per Rs 105-7-2 per acre, being the Shaikal rate of the Village. The soil is very
 inferior in quality, impregnated with salt. As for the Brambake I do not consider any allowance is
 necessary in as much as the land forms a part of the bank land & as such must have been excluded from the apportionment

Thus the total amount which will have to be deducted
 from the Rs 105-7-2 in other words, the future Rs 105-7-2 of the Village will amount to Rs 421-12-7

It appears that the land was taken up by the Public
 Works Department about the end of 1866. If so, the Shrotrian is entitled to have refunded to him Rs 1581-11-6 being
 the aggregate amount of apportionment which he has paid since 1866 to 1880 in consequence of the land
 having been taken up for the Canal

To The Secy, Secy, of Revenue in charge of the Canal Dept.
 With reference to his Official Memo and dated 6
 October 1870 No. 1403.

Chingleput Collector
 Secy, Secy, Govt.
 1871

In order to
 improve the
 Village
 5/7/77

 Chingleput

* the shokriam on the present tenure and my doing so will I fear end in much trouble of attaching the village ^{very} year for the payment of the Risti and holding it under management till the arrears was paid from the current year collection^{ns}.

This is a large village close to Madras and I think can be improved considerably by inducing cultivation to be in the road making the necessary repairs to the tanks and canals. The present neglected state is attributed to the Dharmakaram's mismanagement. The people of the village are not evidently ^{well} disposed towards him and those interested in the pagoda accuse him of misappropiation and allowing it to remain in its present mouldering condition. In support of the above statement I produce the statement of the Mahazarman in Tamil, and my personal inspection with the Tahildar who happened to be present at the spot enables me to confirm the truth of the complaint. In certain important places the pagoda stands in need of urgent repairs and its inner parts are left in a wretched state not even cleaned or even lighted. The fallen materials are not collected & thrown out.

Spots besides Robson - mostly stated to have been collected from the Mendocino Chukchi using its name.

One of the enclosures submitted is an argu. addressed to me by one Purina Sobi of Madras enclosing copy of the one
addressed to you ~~requesting~~ in offer to sign date above the existing arrears and to make the necessary improvements re-
siding himself amenable to public inspection. The applicant is a man of substance and I believe can do justice to the
trust he now acts for. he is already the Dharmacharya of the Siva pagoda at Stages. Either he or any other trustworthy person
can ameliorate the condition of the pagoda which is held in high respect by the native population with the means already
at his command by a judicious and honest use of its revenues quite enough for its improvements. The present Dharmacharya
could not produce accounts for the receipt and expenditure, encumbered as he is with debt he is not I believe the right man
to be trusted with charitable funds and tho he urges "irredubious" right for the Dharmacharyaship I do not believe that his wrong
management of institution in which the public are interested should be left unchecked. As stated in Para 3 I see no use of
submitting the village on the existing tenure especially in the hands of the present Dharmacharya and before recommending
its final resumption. I request you will be pleased to favor me with your opinion on the subject for
reference to the Local Commissioner with my register.

[Faint handwritten notes at the bottom of the page]

A close-up photograph of a piece of aged, yellowed paper. The paper has a textured, slightly mottled appearance with various shades of tan and brown. A prominent horizontal crease or fold runs across the middle of the image. Faint, handwritten text is visible in the upper left corner, but it is mostly illegible due to fading and the texture of the paper. The overall appearance is that of an old, weathered document or book cover.

I am a member of the Village Savings Society, New York City.

[illegible]

The increase is owing to the entry of the summer students.

Steinach und Leo
