Altho' the grantee in col 13 died 100 years ago, and her Inam passed then to her 2 brothers, it was registered in all the accounts by the Inam in her name except in the Collector's register of F 1219 in which year the Inam was entered in the name of one Mahammad Ali Beg husband's ~~[illegible]~~ grand uncle's grand son of the incumbent No 2, husband's maternal uncle of the incumbent No 1 and great grand uncle's grand son of the incumbents Nos 3 and 4 in col 16.

From the genealogical tree furnished, the statements of the incumbents supported by entries in the register of F 1219 in which the relationship between the several members were not however exactly given, this Inam after the death of the grantee in col 13 without issue appears to have passed to her 2 brothers, the share of one of whom passed to Nos 3, 4, and 2 in col 16 through the last mentioned having become an addition for her brother, husband of the incumbent No 1 in col 16. The share of the other brother passed to his [illegible] the first named party in col 16 who stood as the representative of the whole family at that time and as there was no [illegible] without issue, his share passed to his sister ~~[illegible]~~ [illegible] as his in law of the incumbent No 1 and [illegible] of the incumbent No 2 [illegible]

Extract granted to Vajirunnisa Begum on the 29th August 1866.

This is a [illegible] like a large Khandriga a large portion of it is not cultivated every year and it is said to lie under the irrigation of Chettiyar [illegible] Tank which when full contains water for 3 months and irrigates the villages including this Khandriga. The means of irrigation is said to be very poor, the Inamdar has constructed a few wells and the large extent of waste in each year the ~~[illegible]~~ Inamdars are unable to [illegible].

The Collector of the district is reviewing the assessment; [illegible] when the lands of the village [illegible] this Inam [illegible] [illegible] with the rates now borne by the Inam at the Pymash of F 1235 will be reduced. The extent of this Inam by the last Pymash is under [illegible] and its average assessment per acre is higher than the average of the ~~[illegible]~~ rates sanctioned for the revenue settlement of the present day. Considering the scanty means of irrigation I recommend the assessment per acre to Rs 4 — and charge [illegible] to the dry extent of [illegible] [illegible]
