Inám Commissioner.

Name of the Villages, those of the Madras C.D. there are large tracts of Backyard Inams usually held by the Managadars in shares though entered in accounts as the Backyards or Backyard Inams of the Pariah laborers employed under them — the laborers have no idea of any right existing in them in respect of such backyards & they are treated as such —

such as these Inams, should receive as Inams granted originally for encouragement of Cultivation — they appear to me to be of the same class as the Pangumali and Patturmali Inams on this head of & should be charged 1/4 D.R on them —

In this case the Tahsildar makes a recommendation in conformance with the above remarks, though in a covering Letter 3 - Village No 42 he recommends the Inam to be treated as personal —

Letter in one P.C. - D.R Rs 28-
