This Inam appears to have been part of the Men Cavil Inam of 14 Kanies - When such Inams were generally resumed, it was allowed to remain in the enjoyment of the Pagoda for which it had been gifted by the Clean Cavil Jgars previously - or rather the gifted portion was passed over - this Inam was not registered able by the Rt - In a private Rt of the Carnam, the gift is stated to have been made in Fasly 1197 / A.D. 1787-88 -

Should the very long alienation be considered sufficient to make this a valid Inam, I would recommend that the Inam be confirmed in one T.C. free - so long as the Pagoda exists

(1) T.R. 26-7-69 -

(2) 29/11/69

Confirmed or hag anch, as similar alienations have been with Rt of Sellore.
