The Basin is split - the
panes are not made at
the same time. Underneath of first
gasket in Col. 11, 5 "basins" were
steamed on a subsequent appli-
cation by the founder on a smaller
area of 7 "basins" were found under
the indications of feet referred to
in the same Col. The distance to
it will be maintained, 2 efforts to have
recommenced to transition to the
continued to be further, & to the
secondary object of the agent is fulfilled.
