The Rajah's vakil from time immemorial

In the acct of ₹1210 a remark is made to the effect that the Rain is brought under Varapat. a certain T. a cultivation is the service from Fasly 1248 (in which the same are made) the Rain is entered under Jari — It appears that this practice attachment was put to an end to by Mr Boyd during fallow this year; and that Jari subsequently was levied to pay the required expenses up on the completion of the Agraharam by the Rajah. It is now in pursuance of the Board's order dated 7th Jany 1861 reported that the Rain is again entered in the Jamabandy as an old claim of the Agraharam but that the amount of a temporary character, and depending upon the continuance of the Rajah to keep up the institution is not kept up entirely as a charge of the Circar.
