5. If the registration already made is according to my view, supported by the collector's report of 1851 and by alleged existing possession, there needs no alteration in the Title Deeds already issued.

From the above report of Deputy Collector B. Gopal Singh to whom the
petitioners of the ~~parcels~~ are referred. It is clear that the Collector
in 1853 recognized and registered the claims of 187 Jhakumbhis
son (original form) (now added to 3/4 original form)
