The Village accountant is
 an apt man - one of the ^{possibilities}
 the amount of Rs. (2) (400 750 grs) states that
 when knowledge the proceeds of the tinop
 portion have been appropriated to the repair of
 the building. Hence it is clear that the Nagaham
 managers have been engaging the a share for the last
 few years of 50 grs. I would think was
 the change of the Council rate of Rs. as a special case
 2 T. D. the price 1800 Rs. @ 1/4 2000 Rs.
