This Petition is rejected and the settlement will stand without prejudice however to existing right or sanction of the grounds whether sale or mortgage on which the occupancy is based.

The exception of the individual registered for many years is established as a question. The substance of the matter is whether he holds as a mortgagee only or as a purchaser.

The proceedings which under me have extended over many years disclosed many points which can be authoritatively decided only in Civil Court — any presumption of which in this Departmental enquiry Court only.
