

Y.C. 43. The Mattam River Indians a Cajon Chief by the agent of the Polygon to an agent of the Mattam Vikrama Pongia 22. which leads to my north north the limits of 5 Vallons of land of the Mattam No. 15. This makes clear that the Polygon had temporarily assigned as a regulated way have lead out of the Wandawanna Branch to the Mattam, but such irregularities can not be recognized by Govt nor can they give him any title to the land. I have therefore rejected the claim of the Mattam - T.B. 9-4-63 - The Mattam Government to which the Govt of China refers having no enjoyment for upwards of 30 years - T.B. 9-4-63.
