In this Village the Inam Ayacut as per Tymash of F 1214 is 517-5-3 or Acres 1976.96 — But considerable increase (64) Per Ct was found on Azmash — mostly in F 1217 — so that the present Ayacut as per F 1262 is 846-4-" or Acres 3233.93 — This increase was not the result of any encroachment on Govt land; but increase in limits brought on by the incorrectness of the survey of F 1214 — It was therefore allowed to the Inamdars under Collr's orders as an usual Course — It must be observed that out of the above Increase Vallams 5-11-2 is due to the settlement of a disputed boundary in which that extent kept under attachment in F 1214 was continued to the Inamdars concerned under Collr's order 1st March 1828 No 100 — The area given in Col 4 & 5 includes the Azmash Excess & is Correct as per F 1262 — No Assessment is entered because it does not exist but for the incorrect area of F 1214 —

App. petn of Subbaya Gurukkal dated 3 June 1863 No 1192— claiming for himself the right to Stanikam service & the Inam attached to it.

The Tahsildar ~~reported~~ in reply to the question who ~~was~~ is in present enjoyment of the Inam reports ~~that~~ the petr enjoys the Inam This being opposed to the opinion recorded by the Depy Collr in the column of remarks, the Depy Collr was asked for any remarks on this point. He says that the evidence before the Tahr cannot be relied on— indeed that no evidence of any of the villages can be positively relied on xx

The 1st party serves as stanikam only of late—
T. K

xx in consequence of factions in the village. ~~[illegible]~~, under these circumstances there is no strong ground to set aside the present registry which would be in favour of Saravanyan if he is not in possession & will not therefore injure the interests of the Petr. If the Petr can produce an order of the Collector or Court that he & not Saravanyan is entitled to the Inam, then his name will be registered—
