The Tahsildar in his Arzee 13th Decr 1865 reports that the inam is enjoyed in certain shares by the applicants as was deposed before him by Nathar Sahib in Col 16 — This man also appears, admits the applicants' right & produces a stamped agreement between them & himself dated 3rd May 1863 whereby their share is regulated as being 1/3 — But he objects to their joint registration on no good ground — As the applicants are collaterals of the person in Col 16 inheriting a share in their right their names are also registered & entered in the T.D. (shares)

Appl. ... (188) endorsed accordingly.
