Wet Nunjah = 1 .32

Sub Collector's Order 12th February 1852 No 42
Ditto 28th December 1852 No 339
Ditto 5th July 1861 No 498

From the Correspondence noted in Margin, it appears that in F. 1260 it was brought to notice that various changes have been made in the site of Inam and Circar lands and in the assessment of these lands compared with the original Fysal rates and that Inam lands have been encroached upon by the Inamdars - the former Sub Collr caused an Ajamash to be made and an account to be prepared showing the difference between the present assessment compared with the assessment entered in the Fysal Olugu which he was of opinion should be adopted for Settlement - Another Sub Collr considered it erroneous to do by the assessment entered in the Fysal Olugu and caused a fresh account to be prepared with the view to replace the present assessment by the Taramwar assessment recorded in the Ilaiy[illegible] Jamabundy as being more correct and as the standard followed generally - The measure however has not yet been carried out and it is proposed to carry it out in the Jamabundy of the next Fusly -

Avulambodi village
Dindigul Taluk

So far as encroachments on Inam lands are concerned, the extent encroached upon by Inamdars has been already brought to account (tho' at the present unauthorised rates) with the exception of the case of a Nattamaygar in Case 4 of the Service Register - The reason for the exception was because the Inamdar never enjoyed the original Inam situated in 3 fields No 21 to 23 which are being held on Rev: Patta by other Ryots from F. 1223 - but has been all along enjoying in lieu the original Fields No 88 and 96 -

I have therefore adopted the Ilaiy[illegible] Jamabundy rates for valuing the Inams in general, and entered in the Service Register which is to show the existing state of things the 2 Inam fields actually enjoyed as Inam as the Nattamay Inam which I have taken to form the total of the Village showing at the same time the original Inam also for the sake of information - It rests with the Rev: Dept to decide whether in consideration of the very long enjoyment of the Nattamay the two fields now held by him as Inam should be treated as such and continued to him or the original Inam should be confirmed as the Inam and the present Inam resumed -

For the support of Kanniman Pagoda at Aulambadi. It is worshipped once a year. It is an open Pagoda under tree.
1-8-11 as per Fysal — Wet — Wet — None — Kanniman Pagoda
This inam has been misappropriated by the Curnum these 5 or 6 years and the worshipper complains & he has recovered possession of the inam [illegible]. It was usual to place an Earthen image of the Kanniman & then worship it. [illegible] to the worshipper having been unduly deprived of the inam he has been unable to replace the Earthen Kanniman these 4 years but has merely been worshipping at the root of tree — Now that the inam has been recovered by him he will place annually the Earthen Kanniman for the worship —
