Register No. 80
Sheet No. 271

Nothing has been contributed to Pagoda fund last 20 years for
preservation of Hellige, but the Vasappa Yekadesa festival
have been celebrated once a year at this Pagoda.
The Stone Inscription of Pagoda, dated, the terms of Adambadike
allowed to shine, has not been published for last 30 years.
The document produced by Stenikalo appears to be a
very suspicious one. Such documents are generally got up by
Stenikalo, & on examination even under Lens if it were genuine,
it appears to be a Recent one. But as often from enquiry the
Such thing has been paid to Pagoda for last 20 years
The Vasappa Yekadesi festival from the collection of Income
for which Hellige was enjoined to give account of
Pagoda who holds Lease for Income of Pagoda, celebrates some
festival or other at his expence.
No doubt Stenikalo Pagoda - under Income of Madras
Government being the case supposed to be Executor of
Jewels of Pagoda, was in actual of all Pagodas. But as a portion
of Tax dated Each Stone Inscription of Pagoda purposes a Mandapa or Hall
for the Jewel Box & Room, in which Jewels are deposited and
Kept under account. No doubt are against Stenikalo & Jewels taken
for purpose of all Stone Inscriptions, who are held responsible for Jewels of
Pagoda. But as to date of no one individually appears, under the
Circumstances, it appears that no complaint for delivering them
additional remuneration to Hellige, was granted if Subbayya can
show that they might be one of the Executors of Jewels. But without having
Jewels none have complaint preferred by other Pariah to be known
as Stone Inscriptions, just look to your. No Pagoda will have nothing to
do with Hellige, & account of Stenikalo, for it has [illegible] no Hellige
or Circumstance for last 20 years. During the 20 years no
Remuneration to Hellige. Hellige. I do therefore recommend the
