Erani Inam In charge of the Collector of the District
This Erani Inam, & the Inam case No 10 of Kodaga patti; No the Inam case No 13 of Sendurai, case No 11 of Nettiyanattam, case No 7 of Kettiyur & Case No 27 of Settur have been for the last 30 or 40 years under the immediate management of the Local authorities. The proceeds have been appropriated towards the repairs of Ponds situated in the Taluk of Melur at the discretion of the Collector. These Inams may be confirmed under Rule VI Cl 2.
Free
The dry at the 2.12 is cultivated with wet under Government Tank
The Sarvey caste is lowed

~~The proper course appears to be~~ ~~to~~ ~~apply these Inams~~ to fully the Collector of these to obtain the sanction of Govt. ~~to apply~~ ~~to~~ ~~doing~~ ~~leaving~~ ~~it~~ ~~their~~ ~~expending~~ ~~the~~ ~~proceeds~~ ~~of~~ ~~these~~ Inams in the repair of the Ponds in the Taluk.
6/4/66

The Inam is ~~not~~ in all probability granted for the repair of the Pond in the village & not for the repair of Ponds in the whole Taluq indefinitely. The appropriation of the proceeds of these ~~other~~ Inams for the general purposes of repairing all the Ponds in the Taluq appears to be merely a discretionary act of the Collector which can ~~be~~ not I think be upheld in a settlement. The Inam must be appropriated for the repair of the Pond in the village in which the Inam is situated, & if there is no Pond, or the Pond is unnecessary, the Inam should be fully assessed, the Govt being at liberty to repair such Ponds in the Taluq as it was then necessary. I wd. therefore recommend to confirm the Inam for the Pond in the village, if the Comr. approves these views. It can be ascertained if any of these villages ~~is~~ a Pond in each of the villages in which the Inams are situated & whether it is in repair by the Collector.
