1. This is one of the Darmasarams in the possession of Raminaparam. This was granted by the permission in 1811 to the person of 183 for substance. This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. There is no other title to the land. Originally the entire village was Darmasaram. But about 80 years ago, as the Maharajaram and half of the village to the then Maharajaram. But half of the village was included in the assets of the Permanent settlement & the other half was excluded from the assets of the same. Since the half village that was excluded from the assets of the Permanent settlement is brought on the Register in the Permanent account of 1820, half village is entered as "Taspar" or "Agar" & the remaining half as Darmasaram. In the Cuzpur account of A.D. 1815, the entire village is entered as Darmasaram & in the English copy of the same year, this is omitted & in the rough English copy which is furnished by the Record Keeper of the Collector's office, the village is first entered & then struck out. The half village not excluded from the assets is entered in the Permanent account as "Pindhi Kar" or "Puntun" lands of the permission. In the Cuzpur account of A.D. 1815 the entire village is entered as Darmasaram by mistake. The permission of the Permanent account of 1821 is not doubted. The account consisting of about 10000 kames. Hence only half village is brought on the Register as stated above already. No Lakham about the area nor about the boundaries on the part of Rang's Taluk. Half of the area belongs to the half village under settlement. The half of the now under settlement consists of 12 equal Vulties. They are enjoyed as shown in the margin. The sum of Paise 225 is added to the half village under settlement. The Agar & the Darmasaram half for the 12 Vulties lands composing the half village under settlement are undivided one.
