Details of Average income of the last 15 years of the zamindari
 on which the Government Salage is levied

From 1256 to 1270	Estimated area in Acre	Gross out (Acre)	of which zamindar's share at 40 per cent	Average price of grain	Value of the quantity of grain in Rs. A.P.	Rates per Acre
1256-1270	2961-50	142182-64	47852-12-4	3-10-4	173466-6-4	5-16-11

Dry Rates of prevailing in zamindari Salage of Abiramam
 Maximum Minimum
 1-4-4 11-10

The p. 273 p. 116 from the original Grantee -
 It is as several generations passed between themselves & the original Grantee, they are unable
 to describe the relationship - This proved to be true by the tradition - The persons whose names are
 entered in 1815 were not the heirs of the Village of 1815. They are the principal shareholders of
 the 92 3/4 villages forming Punguram & Vallagur - In 1815, the p. 116 of 1815 -
 acquired the lands entered opposite to his name as bequest with other property -
 from one Appachigal Annam, younger son of the wife of the p. 116 of 1815 -
 This is a phoney name. He is alive now. Deed of bequest is on stamped paper for Rs. 100 -
 Transaction proved to be bonafide -
 Valuation of Punguram portion of 7 1/6 Village -

1. Wetlands depend upon our tank of moderate size - It is not in row - Numerous branches but the
 - land is not much higher than the level of the ground - It is fed mainly by jungle streams - The Abiramam
 p. 300 & 69 feet of water flows as waste are of long undulating lands - & the 5 1/2 p. Acre of Dry
 - placed as waste are dotted with - Wetlands are not cultivated & trees - Poverty of water
 is felt - occasionally - Part is of a medium size generally - I have no materials to enter
 - here the average assessment of the adjacent Dry Village - The average assessment of the adjacent Dry
 - Village is estimated as given in the margin. The assessment is for the average Dry assessment of the adjacent Dry
 - Village comes to 12 Rs. per acre - The average income of the Punguram portion as per statement of the Abiramam
 - is 12 Rs. per acre. This is not true. In consideration of the fertility of soil & I give the valuation of the Punguram
 portion as follows - The Punguram portion is 12 Rs. per acre -
 1. Wetlands - Cultivated annually at 30 Rs. per acre - 12-00
 2. Dry 1/2 p. - Cultivated annually at 10 Rs. per acre - 5-00
 3. Dry 1/2 p. - Cultivated annually at 10 Rs. per acre - 20-00
 4. Dry 1/2 p. - Cultivated annually at 10 Rs. per acre - 21-00
 5. Dry 1/2 p. - Cultivated annually at 10 Rs. per acre - 21-00
