to the Trustee agree and are willing to have the Village settled, there seems to be no objection to that Course being adopted.

II. Sikkab Choultry is now in good Condition and it is said to have been last repaired in the year 1907 at a cost of Rs 1094-8-6. This Choultry is intended for the benefit of the Pilgrims going to Rameswaram from the Tinnevely side by road, who have facilities for halting at the Choultry and who receive rice doles there. I asked the Guardian to the Trustee to produce all the accounts showing the receipts and expenditure of the Choultry with a view to find out how the Charity was conducted, and how much was spent on the pilgrims. From my examination and scrutiny of the accounts I find that about 2 Madras measures of rice are distributed among the Byragi pilgrims daily. The average number of pilgrims who halt and receive rations is calculated at 8 per day. A sum of Rs 43-12-11 is paid as go di to the Zemindar of Ramnad. This is corroborated by the accounts of the last 12 years, which I have examined. Village is therefore recommended to be Confirmed as inam for the Choultry at Sikkab, Tax free. Belongs to the Charity Committee.

III. The assessment in Column 7.

The Village is in the midst of Zemindari villages. There are no Government villages in the neighbourhood which have been surveyed and settled. During the Village Settlement inam enfranchisement operations recently conducted the assessment on the unlocalizable Karnam and Kaval inams (wet) was fixed by the Inam Deputy Collector at Rs 3-2-0 per acre for the Soil VII-4. That rate is adopted for all the wet lands of the Village. For dry lands the corresponding rate for that Soil (VII-4) is 10 annas an acre. This rate is adopted. These rates are only tentative and as there is a proposal to undertake a block survey and settlement of whole Inam villages for purposes of land and Village Cesses, the correct rates of assessment will be laid down by the Settlement Department and till then the rates now adopted may be acted on.

To be Confirmed under Rule III clause I.

Tax free.

A large, stylized, handwritten flourish or signature on aged, textured paper. The ink is dark brown, and the strokes are fluid and interconnected, forming a complex, abstract shape that resembles a calligraphic 'S' or a series of loops. The paper has a warm, yellowish-brown tone and a visible fibrous texture. There are some small dark spots and a faint horizontal crease near the bottom of the page.

Handwritten signatures: *Handwritten signature* and *Handwritten signature*
