1 This is one of the Darnasarams in the Zemindary of Ramnaspurum. This was granted by
 Aurangzeb to Anantakrishnaengar for his subsistence. This is a ^{third} ~~second~~ ^{tertiary} ~~second~~
 grant. This is in uninterrupted possession of its holders since the date of the grant. This has a
 Patta engraved on a stone in Aleya fort in Metara Parg. No Talk over about the area
 or about the boundaries on the part of the Rani's Taluk. The boundaries inserted in the
 vernacular statement correspond to those in the Account of 1724. Hence the Area of 672 acres
 of lands is confirmed here. These lands are situated within the said boundaries -
 Village consists of no Pongroos. The lands are enjoyed as shown in the margin. The Darnas were
 paid - Pongro is paid as shown in the margin - (Vide next page).

- Valuation -

Land depends upon soil & extent of moderate size. It is fed by a single stream. It is fed by the water of the adjacent Ayer & Dammasam Villages - The soil is generally good. The Mahayannams say that the land is good for 3 1/2 years when the season is favourable & when the season is unfavourable it is good for 2 years.

Again they say that 122 Acres of Dry Land as waste are "Muttukad" - From the individual statements it appears that there is much exaggeration in the matter of waste - & that there is not as much waste in the Village - Wet lands are not cultivated 2 times - Nayab & Pujah lands of superior quality generally - The Dry soil is poor - The Village is in good state like the adjacent Agum Villages - I have no materials to enter but the average wet assessment of the adjacent Agum lands - The average Dry assessment of the adjacent Agum Villages is at 12 Rs. per acre - The average income of the Village as per statement of the Alahazamam is 770 Rupees per annum - This is very low - In consideration of the fertility of soil I frame the valuation of the Village as follows.

Wet - 94 Acres cultivated annually at 4 Rupees per acre - 376
 Wet 40 Acres cultivated at of an inferior quality at 3 Rupees per acre - 120
 Wet 45 1/2 Acres Muttukad Waste at 2 Rupees per acre - 91
 Total - 587-0-0
 Dry 180 Acres cultivated at 3/4 Rupees per acre - 135
 Dry 77 1/2 Muttukad soil at 4 Rs per acre - 196
 Total - 154-6-0
