

Register No. 268
Sheet No. 273.

III The Wet lands depend upon a small Leach. The lands are cultivated annually only once - Soil is of a medium character Drylands are of a superior quality. In fact no waste lands in this Village. Fernum says that the lands claimed by him as waste are 3 or 4 times more valuable than the lands - The average net profits are \$15.20 as per statement of the Fernum - The average rates of Good as well as common Leaves are given on the back of the Register. I frame the valuation as shown in Col 7.
