

- was purchased by the same person in 1820.
 - is Bona fide Enjoyment proved. Some of the descendants of the Original grantees are alive -
 The area of the Village falls somewhat below that given in the account of 172114. ^{old Village of No. 84} The person of 16 says that his account is right. No Litterer about the
 town varies. The zemindars take good care of the land which corresponds to that in the account of 17246 - Remittance area of 60 Acres is confirmed here.
 III. All lands depend upon one Land. It is fed by Jungle Trees &c. The Land is sown. The Village says that the Wet lands planted as waste are Waste
 on the lands full water occasionally. ~~the~~ ^{the} says that Pungah waste lands are full water once in 6 or 7 years - Of course there is an exaggeration
 in the matter as usual - Wet lands are full water ~~the~~ ^{the} occasionally 2 times to a small extent - Scarcity of water is felt to some extent occasionally
 IV. Famine is caused. The Soil is of moderate fertility. The average profits of the Village as per statement of the Village are 63000. Of these if the
 2000 of 10000 - 8 - 100000 charges & making a total of 28% ^{are} deducted the net profits are 16000. There is not right Government charges
 of 15000 are very high. The average rate of Govt. as well as zemindary
 the bulk of the profits are very high. With

The area of the Village falls somewhat below 7000 acres - Hence the area of 9000
boundaries. The zamindars & Talukdars found no fault with them which corresponds to the account of 75246 - Hence the area of 9000
III Wet lands depend upon one Tank. It is fed by Pungla Stream & the Land is sown. The Talukdar says that the wet land flooded as waste are 10000
on the lands fullwater occasionally. He also says that Pungla waste lands are fullwater once in 6 or 7 years - Of course there is an exaggeration
in the matter as usual - Wet lands are fullwater ~~the~~ occasionally & to some extent - Scarcity of water is felt to some extent occasionally
IV Famine is caused. The Soil is of medium character. The average profits of the Village as per statement of the Talukdar are Rs 30000. If we deduct the
cost of Rs 11-8-0 & other charges & making a total of 28% ^{are} deducted the net profits are Rs 16800. This is not right. Government charges
& 15000 are very high. The average rates of Govt as well as zamindari
of 15000 are very high. The profits of the village are very high. With
