To reduce the resources of the village considerable extent of wet land
are placed as waste for cultivation - I calculate the average income of the
at 900 Rs per annum - I cannot depend much upon the report of the
Sub Magistrate as the facts circumstances in the village of Nanigudi &
the Temple - Because they complained me once that the Temple fell into decay &
Swamy a fool was thrown into some corner & that they pay ~~nothing~~ ^{nothing}
- ceased to be continued - The Pension of the Nanigudi Swamy personal
- ~~at~~ some time ago stated that the Swamy was removed to the house of Swamy
- Temple at Nanigudi, as the Temple of Swamy of the Swamy was surrounded
by Christian houses - It is evident that the Swamy was removed to the house of
Swamy Temple & worship & ceremonies began to be made after the commenced
- to enquire about the state of the Temple - The Nanigudi who produced a report
statement & that the Temple of Swamy of the Swamy is apparently kept up
He never brought to my notice anything regarding the decayed state of the
Temple - nor the requiring the removal of the Swamy to the house of Temple -
From the Nanigudi's report it appears that the ruin will be repaired
after 7 or 8 years when a sum of 7000 Rs. is accumulated from the funds
of the Village in settlement. The mode of business of the Nanigudi Manager is

Complained also by the European Authorities of the District - The Nanigudi has
in her Treasury the funds of the several other Temples to a considerable extent -
She may repair the Temple from those funds - I suggest that the Nanigudi be
asked through the District to enter into an agreement ~~to~~ ^{to} to
repair the Temple in a certain period & that if she fails to do so, the Temple should
be resumed & incorporated with the Govt lands - by reason that the Temple fell into

decay -
