Column 7: Assessment

The village is situated amongst zemindar lands. There are four Government villages in the Paramagudi Taluk but the rates of these villages cannot be adopted for this village, as the soil here is saline and sterile owing to proximity to the sea. The lands are subject in part to periodical submergence by the sea, and in such parts it is not possible to carry on cultivation successfully. The wet lands of Vennathur village contiguous to this have been assessed at Rs 1-12-0 per acre by the

Division in the Taluk of *The Ramnad Deputy*, Tahsildar in the District of *Ramnad*

vide General Remarks in Column 21.

It is was a Dharma Sanam village charged with a quit rent of Rs. 90-5-8 per annum payable to the Zemindar of Ramnad. The average revenue per annum was less than the godi and the zemindar attached the village in 1835 for arrears of godi and managed it till 1864. At the Inam Settlement the Inamdar was summoned to appear and claim his inam, but he failed to do so. The village could not therefore be

settled then. The village was attached in 1864 and resumed in 1867 by the Collector acting on behalf of Government. It remained in the hands of Government till 1872. The income from the village being less than the godi payable to the Zemindar, the collector of Madurai recommended the sale of the rent of the village and in B. P. No. 712, dated 15-2-71 the Board called for further information which was supplied in Collector's letter No. 160 dated 27th May 1871. The matter was reported to Government.

* Inam Commissioner during the Inam Settlement of 1862-6. Similar rates may be adopted for the wet lands in this village. Out of the total cultivable extent of 90 acres of dryland an extent of 41-92 acres is covered by palmgrove tops. The lessee of the village is collecting a rent of 12 annas per Kurakkam or 13 annas 4 pios per acre for the totle lands and 9 annas per acre for the other dry lands. These rates are reasonable and may be adopted.

Total valuation

Wet. 59-6 at 1-12-0 per acre / Comes to Rs. 103-6-0

Dry Assessment on 41-92 acres of the land covered by the Palmgrove tops at 13 annas 4 pios per acre is Rs. 34-15-0

Assessment on dryland of 48-8 acres at 9 annas per acre is Rs. 27-1-0

Thus the total assess-ment on the wet and drylands comes to Rs. 165-6-0

who in their order No: 1305, dated 27-7-1871 Sanctioned the refund to the Zamindar of the revenue of the village while under the Collector's Management and directed that the village should be made over to the Zamindar. That the nominal of annulment of the Inam tenure should be cancelled and that even the question of a reduction of pishcham should be considered. In its Proceedings No: 5107 dated 20-12-1871. The Board ordered that owing to the Cancellation of the annulment of the Inam tenure, the party, whose tenure was cancelled, became the Inamdar once more, that the Zamindar could take possession of the village if he could not get his godi and that the Inamdar had no saleable interest in the village. The village was accordingly made over to the Zamindar for a nominal price in the year 1872 and it continues to be in his possession. No records are available to show what the nominal price was.

The village was leased out by the late Rajah Mr. Bhaskara Sethupathi in 1892 for 50 years along with a lease of villages bearing a levy of Rs 200 and under. It is now held under sub lease by one Kathir Umariath of Tirupalakkudi. The Rajah of Ramanad who was asked about the settlement of the village has written to say that considering the loss sustained by the Government after resumption of this and some other villages, it was made over to the estate for a nominal price, and hence there is no reason why it should be settled again as a personal inam.

To be Confirmed under Rule VII.
