1 This is one of the 5 $\frac{1}{4}$ Thenges granted for the support of the Printing of all the tracts along the coast.
This Thenge is supported by the accounts of 1812. The Printing is officially kept up Daily Evening.

No Talkers about the bourgeoisie. All the cases are restricted within the proper limits of the Village. Since the 70's there are no confessions

It does not seem to me that it is a medium property. Average profits are 6 to 7% - but being a fair income, it is twice as much as the value of the stock of the Register.
