It is one of the Darnissarums in the vicinity of Ramnagar. It was granted by the Porwar King of 11 to the feroz of 13 for a term of years. This is a hereditary grant. It is in uninterrupted possession of its holders since the date of the grant. The name of the holder is lost. The Darnissarum is supported by the accounts of 12. The village consists of 12 equal tracts. They are enjoyed as shown in the margin. The lands have been divided by age permanently. Porwar is paid on the number of tracts, equally & permanently. No tax is levied about the area on about the boundaries which correspond to those in the account of Feroz 1248. Hence the area of 95 acres is confirmed here. The village is in the Board's Register. The feroz of 16 are also in. They are equal lands as follows.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and a small, dark, curved mark near the top right corner. The overall tone is warm and slightly yellowed, characteristic of old paper.
