1 Wet lands are irrigated by a large Tank though the area of it given in this -
 - Regard as 2 1/2 acres - It is in repair - It is fed by one of the branches -
 - Channel - The River Panthigara runs parallel stream - The Tank is filled -
 - annually in ordinary season - No security of water is felt for the lands that -
 - are cultivated annually - It appears that of the 82 acres are cultivated -
 - generally together with the Dry lands of 100 acres that the rest are of long waste -
 - from want of water - This seems true to some extent - It is generally known -
 - that in Panthigara Taluq, to which the village belongs, there are much waste lands -
 - from the intrigues of some of the children of the Panthigara, who have much -
 - rights in the village no lands more than 82 acres of which are cultivated annually -
 - the Dry lands of 20 or 130 acres are cultivated annually - This is proved from the -
 - statement of the Panthigara - Some of the lands are cultivated 2 times -
 - annually - This value may be estimated at 1/4 of 1/2 of the area - Security of

It appears that if the Tank is improved & if the
