This is one of the Darnasurams in the
 family of Ramasapuram. This was
 granted by Suresa Poyya of 011 to
 Aranta Christyngun & others of 413 for
 1000 years. This is a hereditary grant. This is
 an uninterrupted possession of its holders since
 1000 years. This has a Polta on engrained

Quoted from the Statement two papers
produced by the Insurance Co.

the date of the grant
on a stone in Hager fort in Madras Taluk -
The Dammacanum is supported by all the accounts of 1792
But this is omitted from the English Account of A.D. 1815
Copy of which forwarded to the Board of Revenue after omission
is a mistake - Not only this Village but the remaining
9 1/4 Dammacanums forming Perungarane Pattanam are
likewise omitted from that account (their next case)

To be confirmed under Rule 4
 C. S. 1892 and under Rule 44
 for a license -
 genuine and not 4th 1st

II No talk now about the Area or about the boundaries on the part of the Ranjo Vakeel -
The boundaries inserted in the vernacular statement correspond to those in the Account of 1266 -
Hence the Area of 568 Ar & 3 fer is confirmed here - These lands are situated within the
proper limits of the Village - The Village consists of no Bourgeois - The lands are enjoyed as shown
in the margin of the preceding edic - The lands were divided long ago - Pansu is paid as shown in the
margin and margin - The persons Nos 1 to 78 & 84 & 85 of 016 are descendants of the Ogl Grants
& others are aliens - The descendants of the Ogl Grants are unable to describe their relations
with the Ogl Grants as several generations passed between them & the names of few as only the
name of one of the Ogl Grants is given in the Account from which the Column 13 is taken in -
It is proved by the tradition that the aforesaid descendants of the Ogl Grants are really
descendants of the Ogl Grants - The persons Nos 79 - 80 - 81 - 82 & 83 of 016 purchased the
lands long ago from the shareholders in the Agrahar - Some of them have bills of sales & others
have Court Papers - The transactions are admitted to be lawful by all the persons of 016 -

(This ^{ment.} ~~page~~ is)

The person of 25 & 26 of 16 purchased some of their lands in 1857 for Rupees 250 under Strinsvapachan 200 is - 1875
 from our Narayana Narayana Lyngar. Bill of sale on a plain paper leaf - 1875
 Transaction is proved by the bill of sale - Bill of sale proved - 1875

Valuation.

Wet lands depend upon one tank of moderate size. It is in repair. It is good for a -
 Jungle Stream & the tank is filled annually in full. Results of water is not -
 felt occasionally. This is a rare occurrence. The Mahajanams say that the wet lands -
 are as waste are partly cultivated as Mattukad sometimes with Dry & some time with crops -
 & that the Dry lands are as waste are "Mattukad" - There is some exaggeration in the -
 matter of waste. Dry lands the Mahajanams say are cultivated as Mattukad from want of -
 water & that the wet lands are as waste are cultivated as Mattukad with Dry -
 & Wet crops. This is an usual story - I cannot say that all the lands in the village -
 are cultivated annually. But waste is not to such a extent as reported by the -
 Mahajanams. Wet lands are not cultivated 2 times - Nangal & Pungal lands are -
 of a medium character generally. Harvest is moderate. I have no materials to -
 here the average wet assessment of the adjacent Nangal lands. The average Dry assessment -
 of the adjacent Nangal lands comes to 10 Rs per acre. The average income of the village -
 as per statement of the Mahajanams is 91 Rupees per annum. This is quite untrue -
 In consideration of the fertility of soil & the valuation of the village as follows -
