(Continued from 1st page) The lands are divided long ago. No practice of exchanging lands
 - is existing in this Village - The area of the entire Village falls below that given in the old
 - account by 23 Aers, the difference formed when the lands were measured 3 years ago.
 - by the Jemindar servants to draw a line between the Damvasanams & Devastaranam
 - shares - The Jemindar's Vallet found no fault with the boundaries of this Village
 - inserted in the Settlement - Hence the area of 310 Aers is confirmed here - The Potta
 - contains boundaries for 5 Villages in a lump - The present boundaries correspond to those
