Sheet No. 5

III. ... The wet lands are not cultivated since the last 10 years as the Tank is not in repair. In fact the Manager or trustee of the Temple is of the Village - I see no probability of the tank being restored. The average rates of Govt Villages & of Zemindari Taluqs are given on the back of the Register - I propose to value the Village at 29 Pagar - 2000 is paid to the Zemindar, leaving from the ~~the~~ Revenue of the other Villages belonging to the Temple in question -
