Thiruvenguram

This is one of the Swikam Villages situated within the limits of the perumias of Ramaswami. It was granted to the perumias of 11 to the person of 13 for military service such as aiding the Rulers in cases of necessity with certain armed men & keeping peace of the Country - The Original Grant was a Person of certain force enlisted by himself to meet emergencies - He it appears also fought a war in the field. - was of "Thiruvenguram" or battle. But since, long the holders of this Village ^{are} not rendering any service to the State. However they must render every assistance in cases of necessity. The tenure of the service of these men resemble that of Doratanams in Coimbatore District - In the account of A.D. 1815, both in English & Tamil, it is said that this was given for military service. But in the English account of A.D. 1815 this with other Villages is entered under the head of "Mokkashu" Villages or those held on Police or service tenure. & said that this was granted for "substance" - In the Tamil account remark was written that this was granted for service tenure. In the Petition which is produced by the persons of 16 it is said that he is to enjoy that is original Grant is to enjoy the Village & act upon the men of the perumias or Doran. It appears however that the nature of the service of these men stands - nominal or occasional since the last half century - Hence I recommend to enfranchise the Village out of assessment - This Village contains 3000 -
