

Continued

I This is one of the villages granted in A.D. 1673 by Terumala Sahasrayya, Rajah of 111 to the support of the Dargah of the late Sayyid Mahmood Bakhsh Khan Hanuma in the Taluk of the same name. The object of the grant to help the Institution in different conditions. It is not now any way frustrated - Annual Ceremonies of the said Mulla Sayyid are performed & daily ceremonies are observed in the Dargah under the Mahomedan principles. Fakirs also are fed - The building is in repair - The boundaries of the said village are well marked with the boundaries - Here is the area of

II. The present area corresponds to that given in the account of 1721. The present village finds no fault with the boundaries. Hence the area of 57 acres is confirmed here. The village has neither Hamlet nor Hamlets.

57 Acres is confirmed here - The Village has neither Hamlet nor Hamlets.

III. Wet lands are irrigated by one Tank. It is fed by "Virisalghuri" Dy. Wet lands are left waste to some extent from want of repairs & from want of an embankment to prevent the floods of the river doing damage to the lands. Soil is of an inferior quality. The water in the river is much used. These lands are not cultivated 2 times - The average net profits of the Village are 112 Papeyas for statement of the Trustees - The average rate of Goul as per Remissionary Tables are given on the back of this Register. In consideration of the fertility of soil, & I found the valuation as shown in Col. 7 of this Register.
