

Honery

(This is one of the Devargum (Stages) granted for the support of the Temple of the Mangalwara Swami in Town Uttara Kora Mangalwara in Ramnad Taluk. This was granted by Manna Pokra thirty thousands of years ago to the Temple. This is in uninterrupted possession of its holders since the date of the grant. This has no Pottu. The Temple is efficiently kept up. For feasts also are performed. Hence the grant Jalloimur Pile III Clause one - Tax Free.

Attestment of the Village, met the

II. The area of the village ~~covered~~ ^{enclosed} that given in the account of 1721, the ^{area} ~~homesteads~~ given in the Statement of the Village, meet the approbation of the ^{present} ~~former~~ Collector. Hence the area of 2700 acres is confirmed here.

III. The Well Cuts depend upon a small Tank. 26 acres are left waste from the disrepair of the Tank - since the last years - Wet lands are of a medium in position. Punjab lands are somewhat superior to Dug. 39 acres are occasional waste. The average net profits of the Village are 175-420 as per statement of the Tumam. This is not true. Averages of the District are given in the margin. In consideration of the fertility of soil &c, I proceed to frame the valuations as shown in Column 7 of the Register - The Village cannot be called a Hamlet nor Annabli.

A large, stylized, handwritten flourish or signature, possibly a monogram, rendered in dark ink on aged, yellowed paper. The flourish consists of several overlapping loops and curves, with a long, sweeping tail extending downwards and to the left. The ink is dark and slightly textured, and the paper shows signs of age, including yellowing and faint vertical lines.
