1 The person N^o 18 claims to be the late's true opposite to the person N^o 49 of 18 on the ground that this is the property granted for subsistence to his father's elder Brother Dargah - Lameyangio's 55 Al 1 Elder brother

2 Ananlammal in the year Rameswaramy A.D. 1803; that the said Ananlammal lived for a matter 60 years ago with her Mother's younger brother who is the father of the person N^o 49 of 18 & returns to his house with $\frac{1}{4}$ of a Vally leaving the remaining $\frac{3}{4}$ was arranged 5-51

3 Vally with her Mother's Brother or with the father of the person N^o 49 in satisfaction of certain debts contracted by her. The person N^o 18 in proof of his allegations produced an agreement said to have been executed by the late father of the person N^o 49, who died 15 years ago. This late father who died 45 years ago, binding himself to restore the $\frac{1}{4}$ Vally to his N^o 18 father when the debt is cleared. The person N^o 49 pleads that the document is not genuine & also forged a counter agreement to show that the half - 20 Steuni 55 Al 1 Wife 2 Married daughters

4 Vally has been mortgaged previous to A.D. 1838 or as far back as 23 years to further parties by his (49) late father. The agreement is dated 1838 & it is proved satisfactorily by the confession of the person N^o 49 & by the confession of the persons who are brought before me as the son of the alleged mortgagor, & the witnesses who attested it. They read that the document was written a fabricated 30 or 40 days ago. The person N^o 18 admits that the person N^o 49 is enjoying $\frac{1}{4}$ Vally since the last 60 years or rather more that it is in possession of his family since the last 60 years. Under the above circumstances, I see no ground to oust the person N^o 49 from the possession of the $\frac{1}{4}$ Vally Pongor which is in possession of his family since the last 60 years since the person N^o 49 pleads that the person N^o 18 is enjoying $\frac{1}{4}$ Vally in the name of the person N^o 49. The said person N^o 49 pleads that his ancestors acquired the $\frac{1}{4}$ Vally in gift from the said Ananlammal - 21 Siruven 55 Al 1 Mother

7 the lands were then mortgaged for having recovered the said lands from mortgage in A.D. 1835 & for having received mortgage Bonds on behalf of him (N^o 39) as a Gunkal 25 Kuppam 45 Al 1 Wife 2 Sons 2 Daughters

9 The person N^o 8 of 18 pleads that he purchased the half Vally in question from Kuppam 27 Kuppam 45 Al 1 Wife 2 Sons 2 Daughters
