Sheet No 856

This is one of the villages in the Zamin of Ramaswaram. This is said by the Temple of Pancharam and the Pancharam & Pancharam Vardam, Amman in Pancharam. The Village of the Temple pleads that the endowment was made centuries ago by "Kartik" & that since the temple is said by the temple. In the alleged account of 1721 the Village is not entered under any head either as a Zamin or as Devastanam endowment. In the Tamil account of A.D. 1815, & in the English account of the same year, the Village is entered in the name of the Temple. The date of the grant is not the name of the Grantor or Grantee is given in any of the accounts. In the Tamil account of A.D. 1815 it is said that the Village is an ancient endowment & that it has no Pottu. The Rango's Vakil pleads without a material with him that this is should be treated as an Ayan Village. As the Village is not entered in the account of 1721, under any head; ^{it is entered as an endowment of the Ramaswaram} found in the Tamil & English accounts of A.D. 1815, ^{it is in uninterupted} possessing the Temple since long or since long previous to the Permanent settlement, I class this as one of the villages deducted from the ^{the} ~~excess~~ upon which the Permanent settlement was based & treat as such.

II As No Talk over about the boundaries on the part of the Rango's Vakil. The boundaries now inserted in the revenue statement correspond to those in the settlement account of 1721, which is on the collector's record. The Rango failed to find fault with the boundaries nor to prove any encroachment on the part of the Trustee. Hence the boundaries are confirmed here & the 2987 chas.
