1 This is one of the villages in the pemonang of Raminapumun. Half of the village was granted for the support of the choultry
- Tanyapara Bhupati Choultry at Pambur & the remaining half for the subsistence of Rastang Subban & others -
- as Damusanam the former is a permanent grant & the latter is a hereditary grant - The village is in constant possession
its holders since the day of the grant. The land is all on a copper plate which corroborates the above facts -
The case of the entire village corresponds to that given in the account of 1711 & 1714. The boundaries now inserted in the vernacular
Regulation correspond to those in the account of 1714. No toll was about then on the part of the Rang's Vakil. Hence the
entire case of 1835 above & 1836 is confirmed upon the choultry of Damusanam equally - The half village of the Damusanam
portion consists of 7 equal parts. They are enjoyed as shown in the margin. If Porpu is paid on the number of 12 this equally &
& permanently the land has been in use long ago. Lands are exchanged once in 11 years - The persons who are marked down
as standing shareholders in 1836, are descendants of the 1st owners of the Ogl Granter. This is learned by the tradition. In the
letter of the village, it is said that the half village of the Damusanam portion is granted to the persons of 183 & to the remaining
various families. Hence also above in 1836 - The details of rules are given in the 2d sheet of the Regulation.

The Village is omitted from the English account of 1815 copy of which is forwarded to the Board of Revenue. Half of the area of the Village belongs to Shulttan & the rest to the Daminianon people. They refer to my report mentioned in para 2 of the Report of Jaminakodem Sarwar, which is placed with this, regarding the state of the Shulttan.

(Continued from sheet) The person No 2 of 1866 acquired land 1866

- ago from one of the proprietors in the Agrahar from religious

- motives. No 2ed. The donor sons of No 1 of 1866 admit the transaction

1. The person No 4 & 5 of 1866. They filed that the lands were alienated to them

- by his son. Sita Olegammal on the eve of her death which

- took place in 1862. The son of Sita widow. The bill is on plain

- paper & it was produced in the Moonsiff's court at Parassagudi

- as it is seen by a Dece in 1865 of 1864 on the file of the said case.

- The genuineness of the bill is not ~~proved~~ satisfactorily proved before

- me. Because one of the witnesses named by the persons No 4 & 5 of 1866

- state that the bill is on ~~paper~~ paper & the other two say

- that it was executed 6 years ^{ago} and the other says that it was executed 8 years

- to the demise of the widow. On the contrary the persons No 4 & 5 state

- to me first that the bill is on plain paper, that it was executed

- 2 days previous to her death. On the whole, this is a simple ~~settling~~

- as the person No 4 & 5 performed the funeral rites of the deceased

- & as the person No 5 is doing the annual ceremonies of the deceased

- & as the deceased has no other heirs than the persons No 4 & 5

- I leave the matter untouched. The lands are in enjoyment of the

- persons No 4 & 5 since the demise of the widow. The person No 4 & 5

- on divided. But they are enjoying 1/2 jointly on Pongasala.
