III. The person No 1 says 1866 pleads that then father acquired the land either as a gift from his father or as a purchase. It is not known how the donor acquired the same previously. No deed of gift. The person No 2 of 1866 is not in any way related to the person No 1 of 1866. The latter sold the land to the former 8 years ago - in 1858 Bull's eye - the terms of which the latter says is not known. Transaction is bona fide.

IV. The person ^{no} 4 of 16 purchased lands in 1853 for \$700 & from one Suberin Bell grade is in the shape of an agreement on plain paper on. The said seller now admits the facts above. He sold for \$7 1/2 Dollars in this Village previously only occasional from Reting Subramanyam & - These Bells are on Shanthi Cogan papers & now in our plain Cogan paper. The persons who sold lands to Suberin are gone. They are most descendants of the Original Grantee. They are descendants of the 1st person of the Original Grantee. Transactions proved to be

Tank is in repair - The people say that Bokeny Water Land, named as waste only 8 years since
of Bokeny, they are cultivated occasionally. Dry lands are cultivated ~~annually~~
The all lands are cultivated 2 times to 1/2 of the area - Soil is of a superior quality generally
raised ~~to~~ in one or 2 acres - annually. On the whole the Village is flourishing at
by the lands seems to be of a superior quality - From the salwar cultivation account given in
it appears that there was falling off in cultivation in 3 out of 5 years - This is rising
again from the statement A which shows the average collection of the Ranny during
years, it appears that a falling of area land produced & falling of grain to collect was the
average collected 1/2 Pice per acre I admit that this is somewhat high - The average
taxes are moderate - I have dwelt upon the above circumstances to show how far
is given - The average profits of the Village as per statement of the 1806 are 131 Pice -
